Contact No.: +977-9848942291

Summary:

Frontend Developer with 3+ years of hands-on experience building scalable, high-performance web applications using React, JavaScript/TypeScript, and modern UI frameworks like Tailwind CSS. I specialize in creating clean, intuitive, and responsive user interfaces, integrating REST APIs, and optimizing application speed and maintainability. With a Computer Engineering background and an MBA, I bring a unique blend of technical depth and business understanding—helping teams build products that are not only functional but meaningful for users. Passionate about continuous learning, writing clean code, and contributing to collaborative engineering cultures. Looking to join a team where I can build impactful frontend solutions and grow as a developer.

Technical Skills:

Language	JavaScript
Frontend	React Native, ReactJS, Tailwind, NextJS, React Query, Redux, Zustand, Typescript, HTML, CSS
Backend	NodeJS
Database	MySQL, NoSQL, PostgreSQL

Interested Area:

Frontend Development (React), Cyber Security, Project Manager, Product Manager, Entrepreneurship and Leadership

Conference Presentation:

Paper Presented: **Financial Literacy, Behavioral Biases and Stock Investment Decisions among College Students**

1st BIC International Conference, Boston International College, 2025

Paper Presented: **Determinants and Challenges of ICT Integration into the Classrooms of Business Schools in Chitwan**

1st BIC International Conference, Boston International College, 2025

Published Article:

[A Survey on Banking Fraud in Chitwan, Nepal: Banking Customers' Perspective](#) – SSRN Journal

[Financial Literacy, Behavioral Biases and Stock Investment Decisions among College Students](#) – **BIC Journal of Management (Nepal Journals Online)**

Work Experience:

December 2024 – March 2025 Part Time - Chitwan, Nepal	Instructor – Frontend (React JS), Dubo IT Solution Pvt. Ltd. <ul style="list-style-type: none">Develop and deliver comprehensive course materials on JavaScript and React JS, integrating best practices.Foster an interactive learning environment through hands-on coding exercise, projects, and real-world application example.Stay updated with the latest trends in JavaScript and React JS and incorporate relevant tools and frameworks into the course.Guide students through challenges in programming, offering personalized feedback and support to enhance their learning experience.Create supplementary materials such as documentation, tutorials and coding repositories to support student learning.Collaborate with other team members to ensure consistent and high-quality delivery of course content.Address student queries effectively and provide solutions to programming problems during class sessions.
May 2022 – December 2022 Remotely - Australia	Software Engineer (React/React Native), Probits Inc. <ul style="list-style-type: none">Design and build new and enhance existing web/mobile application functionality with quality and maintain code.

	<ul style="list-style-type: none"> • Write documentation, implement automated tests, and contribute to manual testing plans. • Work with product owners, platform engineers and UI/UX designers to craft the best experiences possible for our customers. • Design intractable and pixel perfect design. • Research new technologies and patterns to incorporate in mobile applications.
January 2020 – May 2022 Kathmandu, Nepal	Software Engineer, Pandalytic Technology Pvt. Ltd. <ul style="list-style-type: none"> • Played a pivotal role in defining the company’s vision, mission, and overall business strategy. • Led the development and implementation of innovative solutions, ensuring client satisfaction and successful project results. • Collaborated with other co-founders to build a high-performing team, culture of creativity, collaboration, and continuous learning. • Implemented robust quality assurance processes and best practices to deliver high-quality products/service.
September 2018 – January 2020 Lalitpur, Nepal (Mexico Head Office)	Software Engineer (React/React Native), Oyster Financial Inc. <ul style="list-style-type: none"> • Design and build new and enhance existing web/mobile application functionality with quality and maintain code. • Write documentation, implement automated tests, and contribute to manual testing plans. • Work with product owners, platform engineers and UI/UX designers to craft the best experiences possible for our customers. • Design intractable and pixel perfect design. • Research new technologies and patterns to incorporate in mobile applications.
January 2018 – January 2020 New Baneshwor, Kathmandu	Software Engineer (React/React Native), BitsBeat IT Solution Pvt. Ltd. <ul style="list-style-type: none"> • Design and build new and enhance existing web/mobile application functionality with quality and maintain code. • Write documentation, implement automated tests, and contribute to manual testing plans. • Work with product owners, platform engineers and UI/UX designers to craft the best experiences possible for our customers. • Design intractable and pixel perfect design. • Research new technologies and patterns to incorporate in mobile applications.

Education:

Boston International College, (Pokhara University) – 3.77 GPA	2025
Master’s in business administration (MBA)	
Khwopa Engineering College, (Purbanchal University) – 3.16 GPA	2017
Bachelor of Engineering, Computer Engineering	
Oxford Higher Secondary School, Nawalparasi	2012
+2, Computer Science	

Academic Projects:

Paddy Disease Detection for Android	<ul style="list-style-type: none"> • Provide information about paddy diseases based on captured image processed through image processing techniques. • Implement K-means and Support Vector Machine Algorithm to gather information about the paddy disease.
Bhaktapur Travel Guide for Android	<ul style="list-style-type: none"> • Implemented Dijkstra algorithm to find shortest route path for travel guide to get to targeted location and provide information about the heritage sites.
KhEC Web Based Billing System	<ul style="list-style-type: none"> • Developed student billing system for Khwopa Engineering College.

Certification:

[Python A-Z™: Python For Data Science with Real Exercises](#) – Udemy

[The Project Management Course: Beginner to PROject Manager](#) – Udemy

[Ultimate AWS Certified Cloud Practitioner CLF-C02](#) - Udemy

Conferences, Workshops & Academic Engagements:

1st BIC International Conference - 2025 (**Boston International College**)

I-Week International Student Exchange Program (**IIM Shillong**)

5-Days Analytical Problem Solving and Decision-Making Bootcamp (**Boston International College**)

Advance Java Training (**Deerwalk Institute of Technology**)
